

Annual Parish Meeting – Claydon and Whitton Rural

Parish Chairman's Report April 2016 - 2017

It has been another busy year. I must first thank my fellow Parish Counsellors and The Clerk for all their hard work that they carried out in 2016-2017.

There is quite a lot of development in and around our Parish which will mean a lot more traffic movement through our village, we hope Highways will listen and help us to control this problem before it gets gridlocked.

We hope the parking issues in Old Ipswich Road will be resolved now that the new road markings have been installed.

Our Parish is also involved with the SnOasis reserved matters which is quite a large project with surrounding Parishes also involved.

As we have no P.C.S.O we are looking to have C.C.T.V in the street to help police the village.

I must also mention 'The Community Café', which is a huge success. Thanks to Jill and Ian whose idea it was to start it up and our thanks also to John Tuppen for the website which keeps everybody informed.
